EVENT AGENCY

**AUDIO-VISUAL SERVICES**

**SOUND**

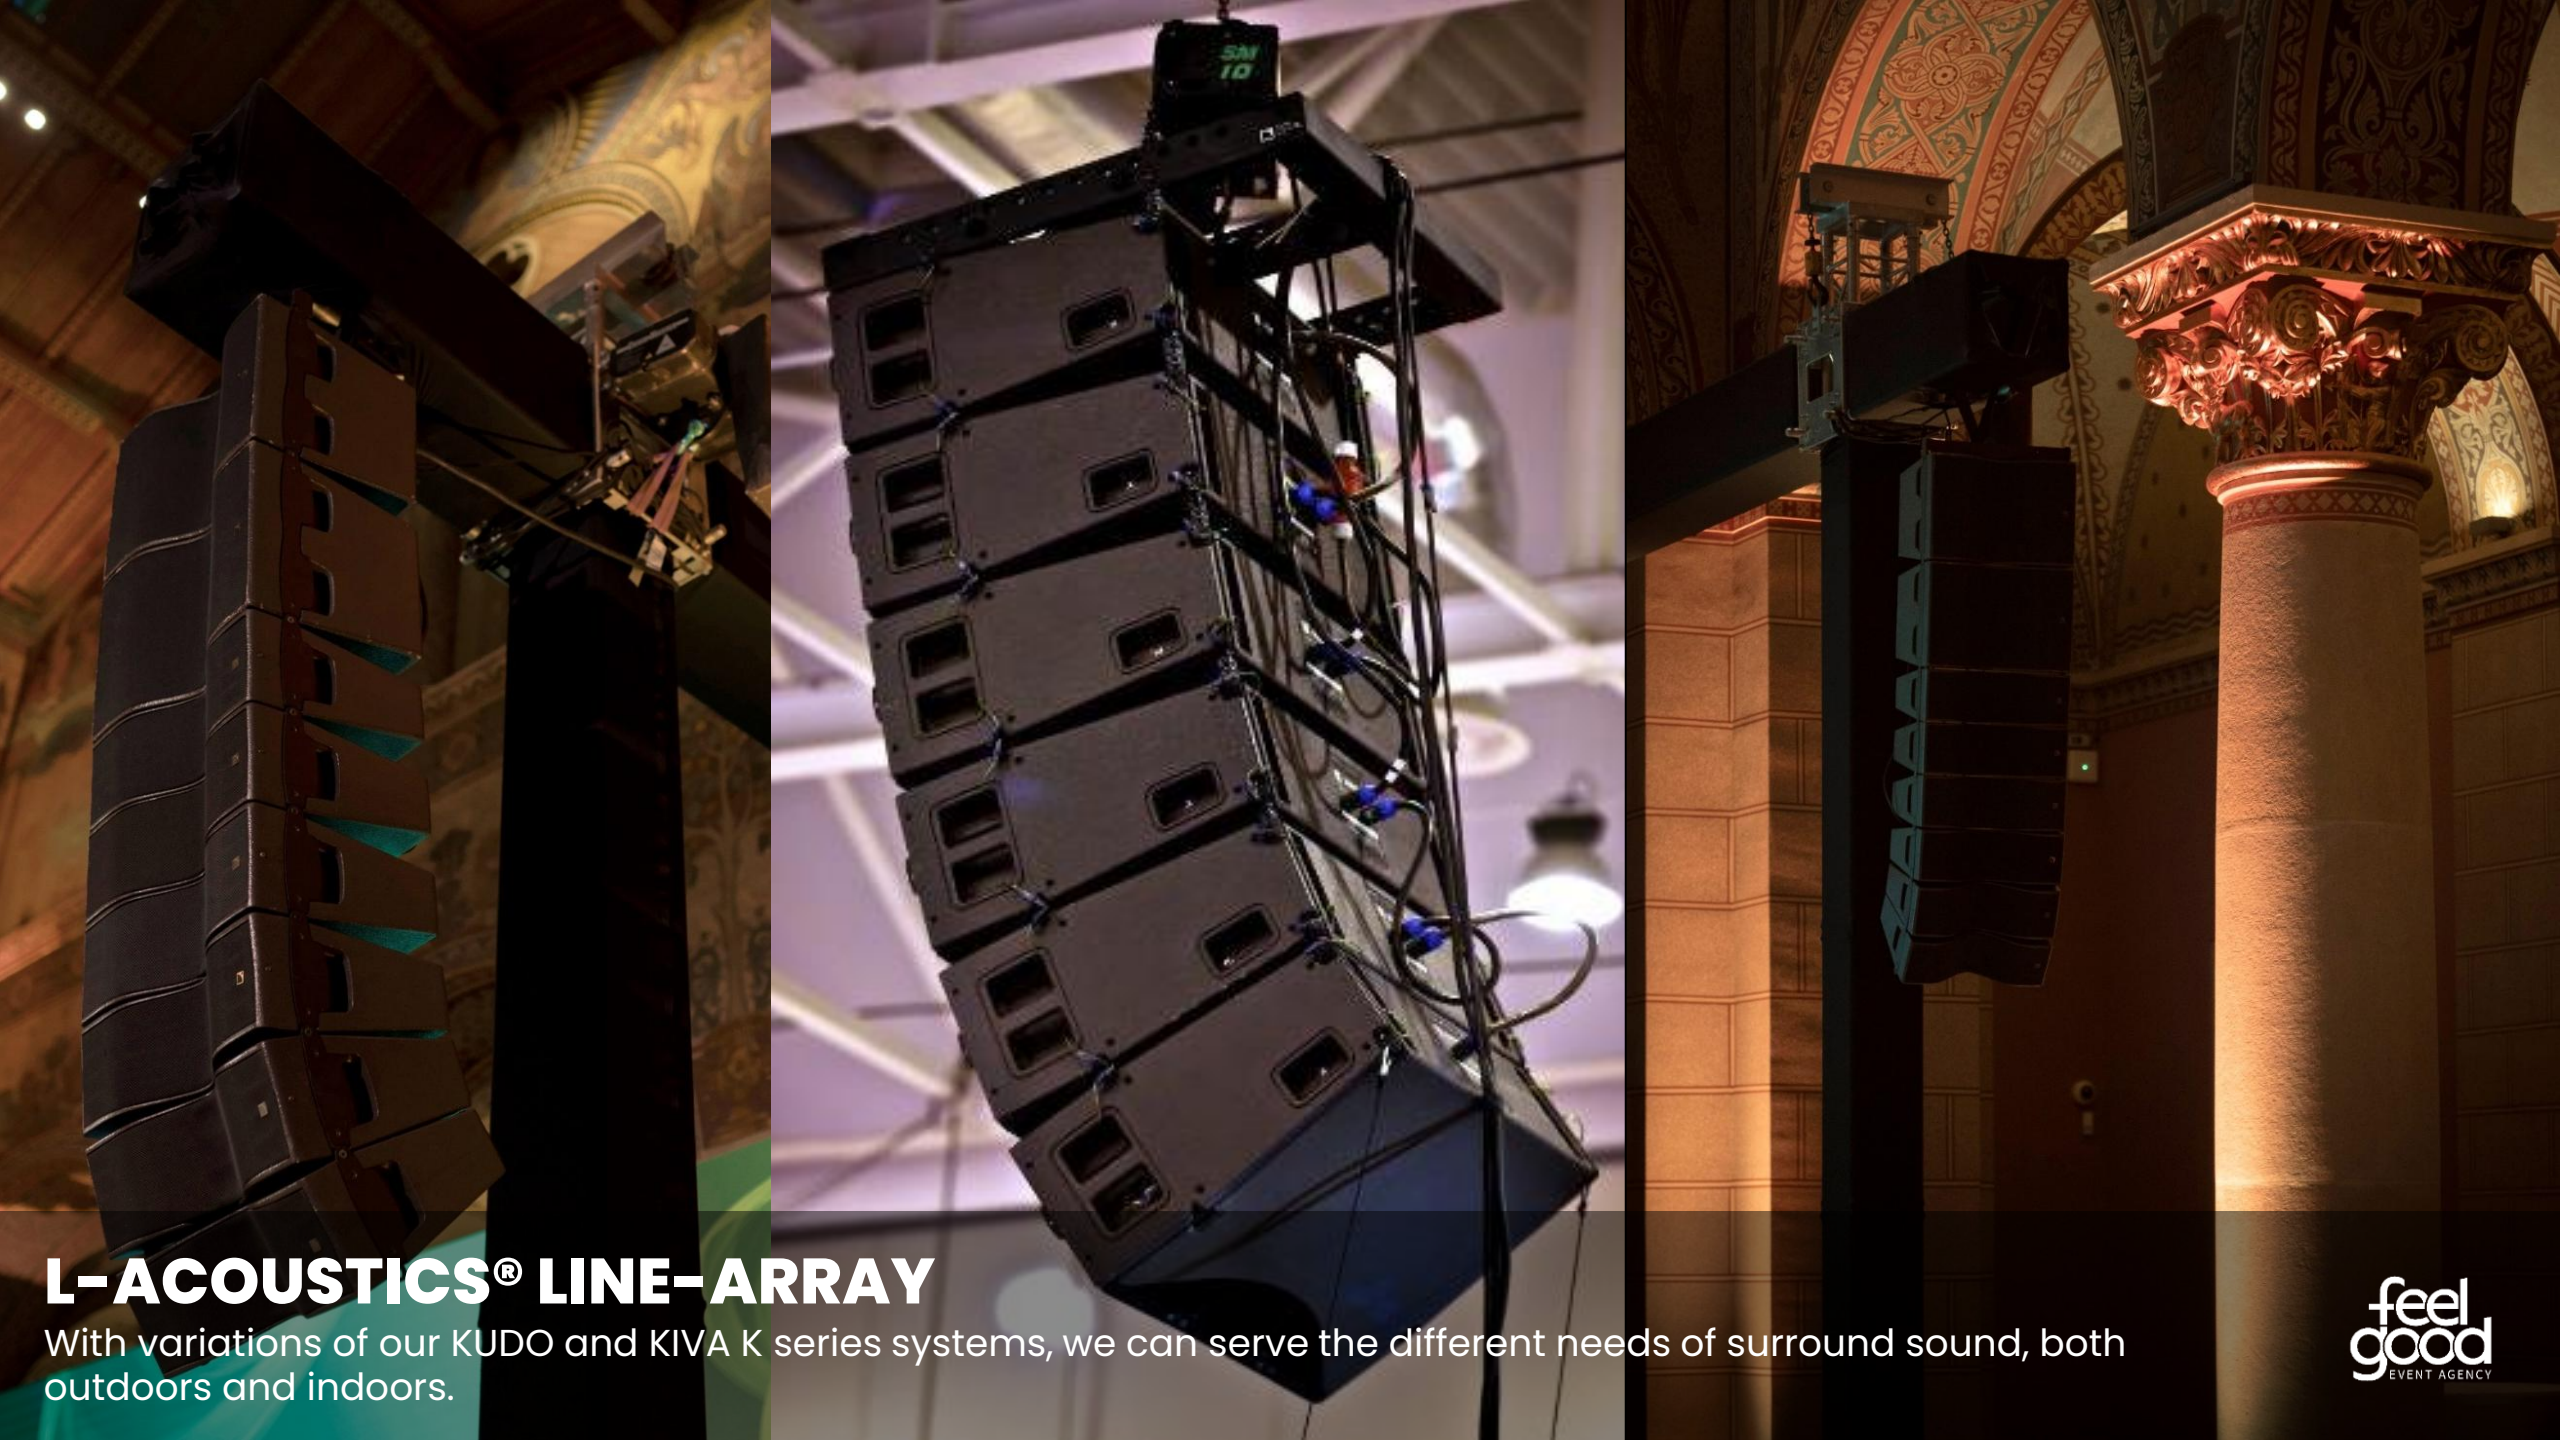

**We provide high-quality sound reinforcement for outdoor and indoor events of various complexity. With our expandable sound system, we set up the right configuration, tailored to the nature of the event, the genre of the production, and the acoustic characteristics of the venue.**

Our sound equipment park consists of professional products from the following brands:

- L-ACOUSTICS®
- Electro Voice
- Allen & Heath
- Roland
- Alto
- Shure
- DPA
- Sennheiser
- ASL intercom

Of course, we can adapt our assortment to customer needs.

## L-ACOUSTICS® LINE-ARRAY

With variations of our KUDO and KIVA K series systems, we can serve the different needs of surround sound, both outdoors and indoors.

# L-ACOUSTICS® MONITOR SYSTEM

Our HiQ X series speakers are mainly used as a monitor system for stage productions, so for us, the flawless implementation of conferences, concerts or artistic performances is no obstacle.

# L-ACOUSTICS® & ELECTRO VOICE ACTIVE SOUND SYSTEM

With our active L-ACOUSTICS® 108P and Electro Voice speakers, we create high-quality sound even in venues that do not require the use of a Line-Array system. Thanks to their discreet appearance in any space, they are also suitable as delayed amplifiers for the perfect sound coverage.

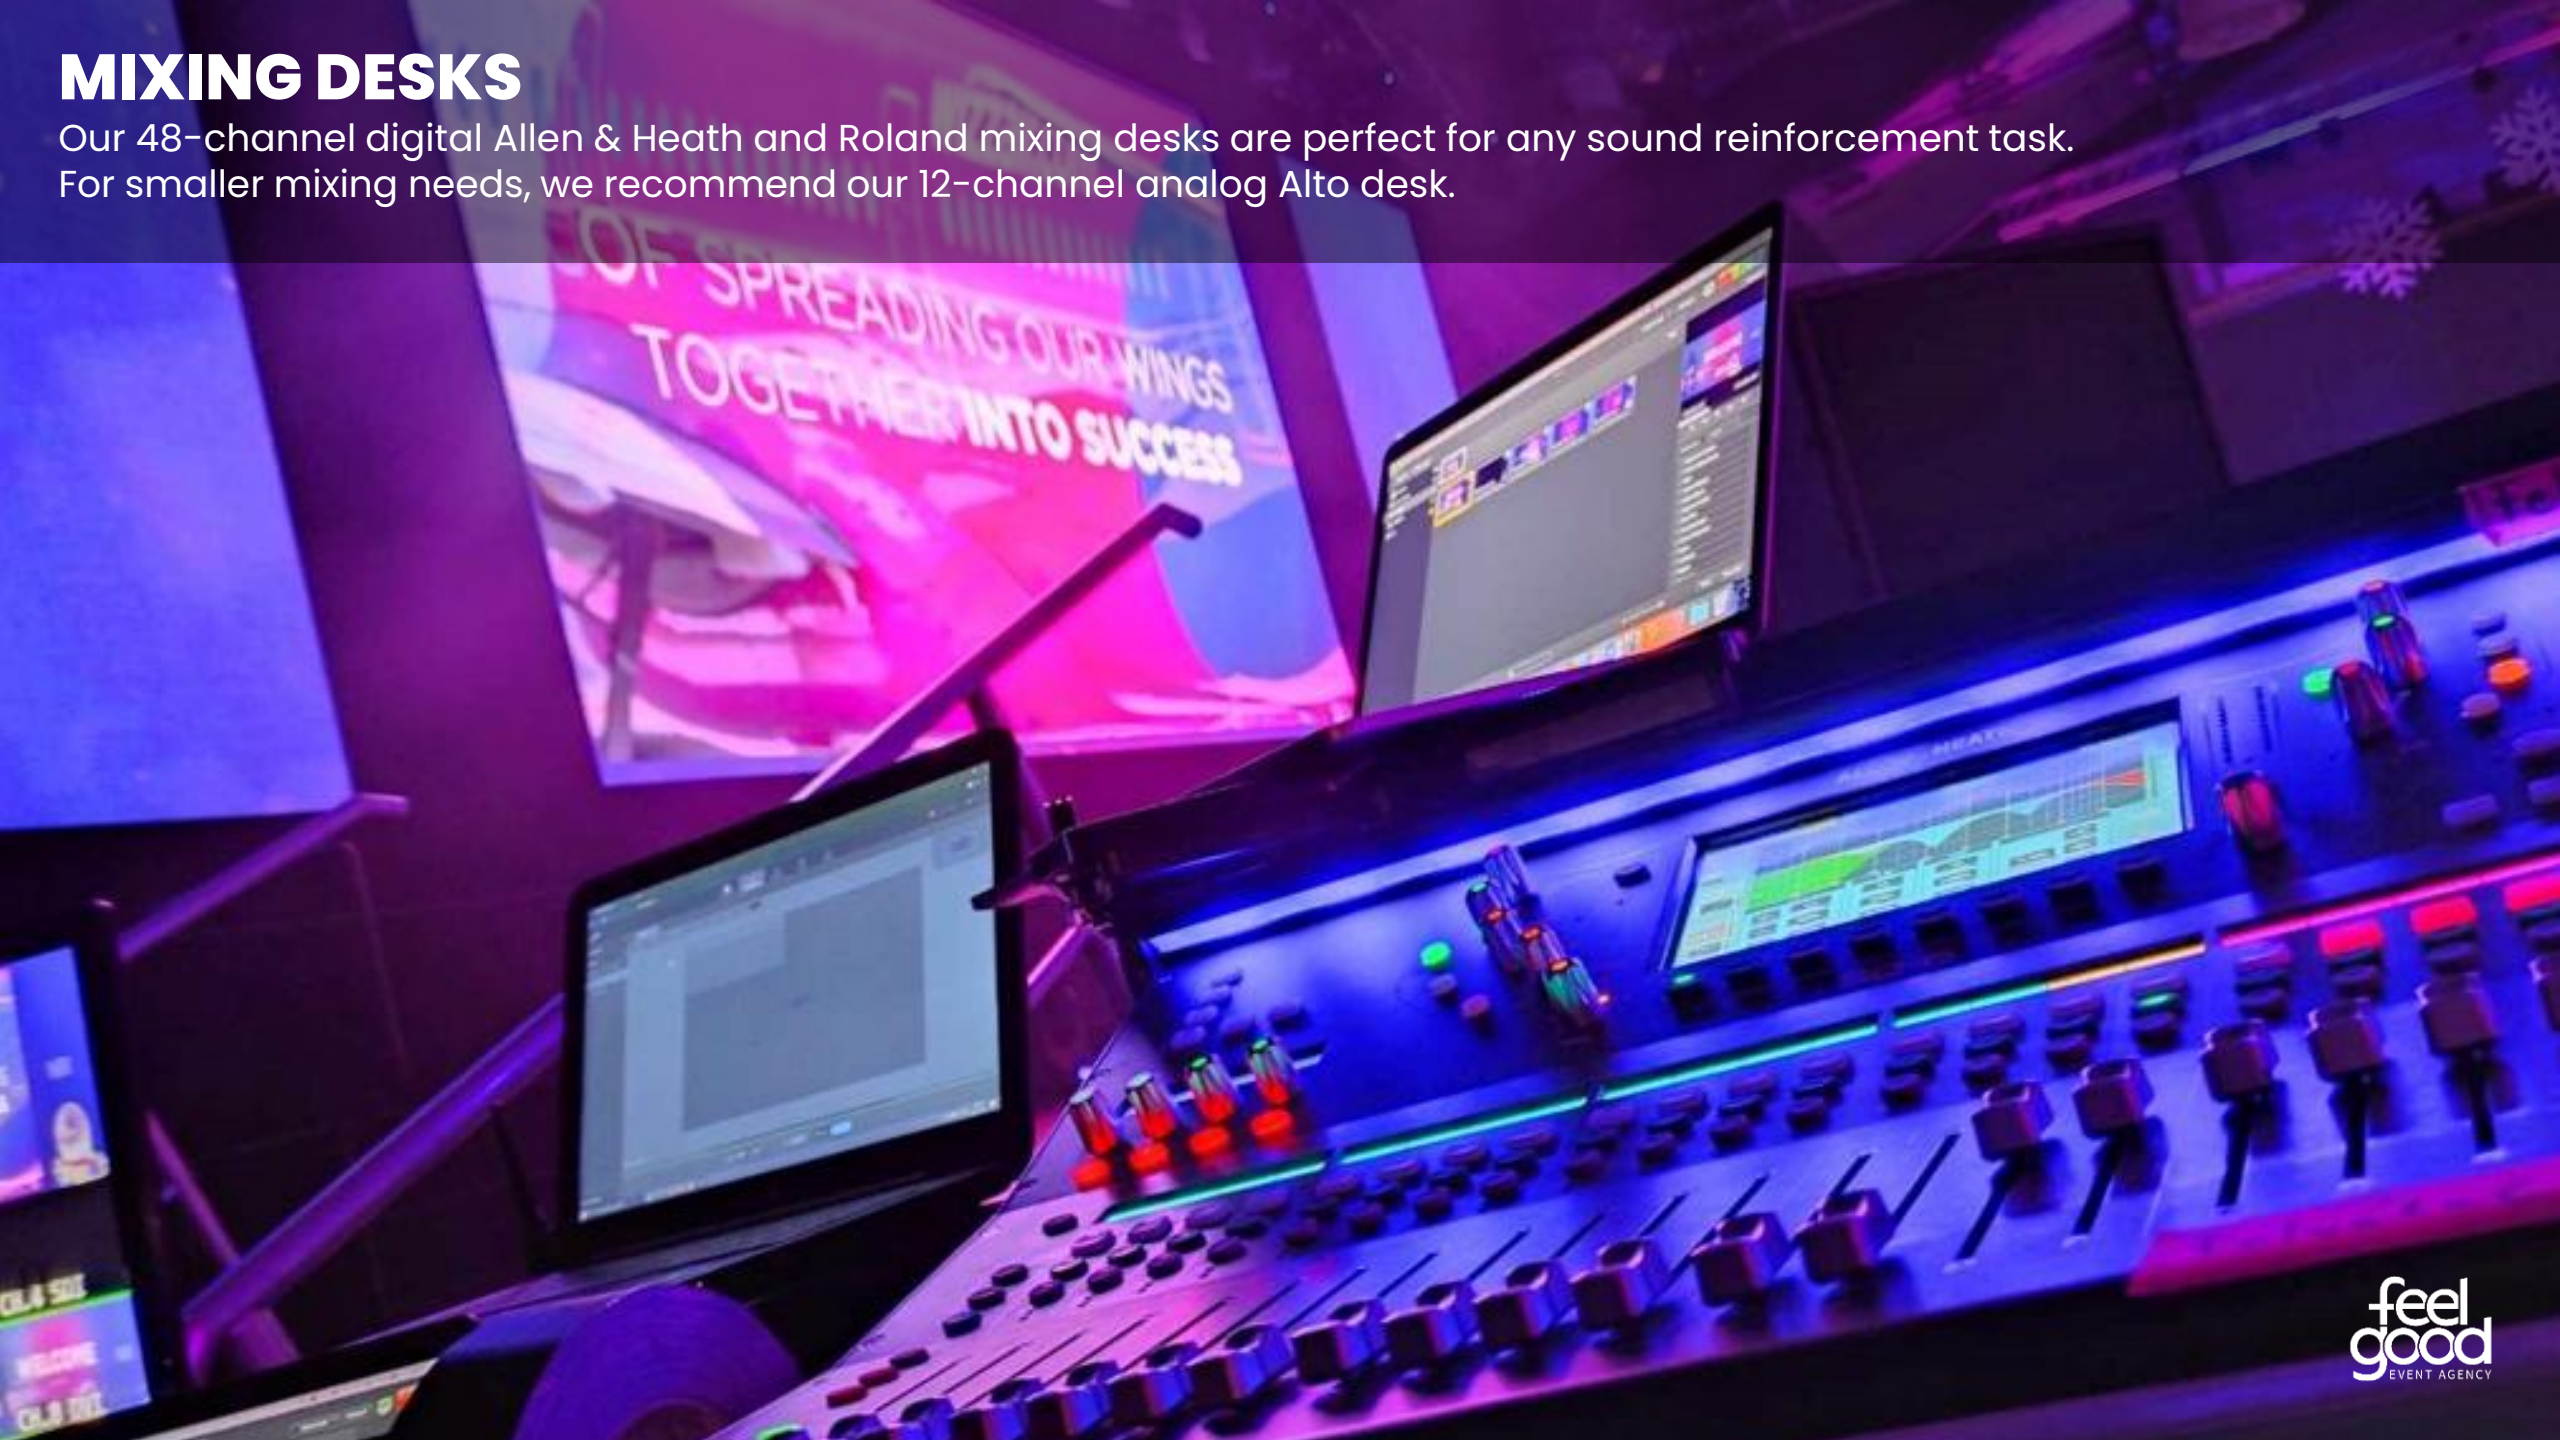

## MICROPHONES

Our Shure, DPA and Sennheiser wired and URH microphones, ports and intercom system enable us to serve any needs of music productions, conferences, roundtable discussions, workshops, intra-crew communication channels. Our plexiglass pulpit that can be branded, is a spectacular and practical accessory for stage speeches and presentations.

# MIXING DESKS

Our 48-channel digital Allen & Heath and Roland mixing desks are perfect for any sound reinforcement task. For smaller mixing needs, we recommend our 12-channel analog Alto desk.

**LIGHTING**

**We provide comprehensive lighting services with our equipment park that meets all needs. In each case, we create lighting tailored to the environment and the nature of the event:**

- Lighting consoles
- Intelligent lights
- LED lights
- Analog lights
- Special lighting additional equipment
- Decor lights
- Power supply
- Programming

**Our lighting equipment park consists of professional products from the following brands:**

- Grand MA
- ROBE
- Clay Paky
- ProLights
- Hungaroflash
- Ignition
- Chauvet
- Martin
- ETC
- Eurolite
- Varytech

Of course, we can adapt our sortiment and services to customer needs!

# LIGHTING CONSOLES

We use professional Grand MA lighting consoles to operate, from the smallest filling to the most monumental light show.

## INTELLIGENT LIGHTS

Whether it's a profile, wash, spot or beam, our LED ROBE hybrid and Clay Paky lights meet all requirements. Gobo, time code, following, light show, outdoors or indoors - nothing is an obstacle.

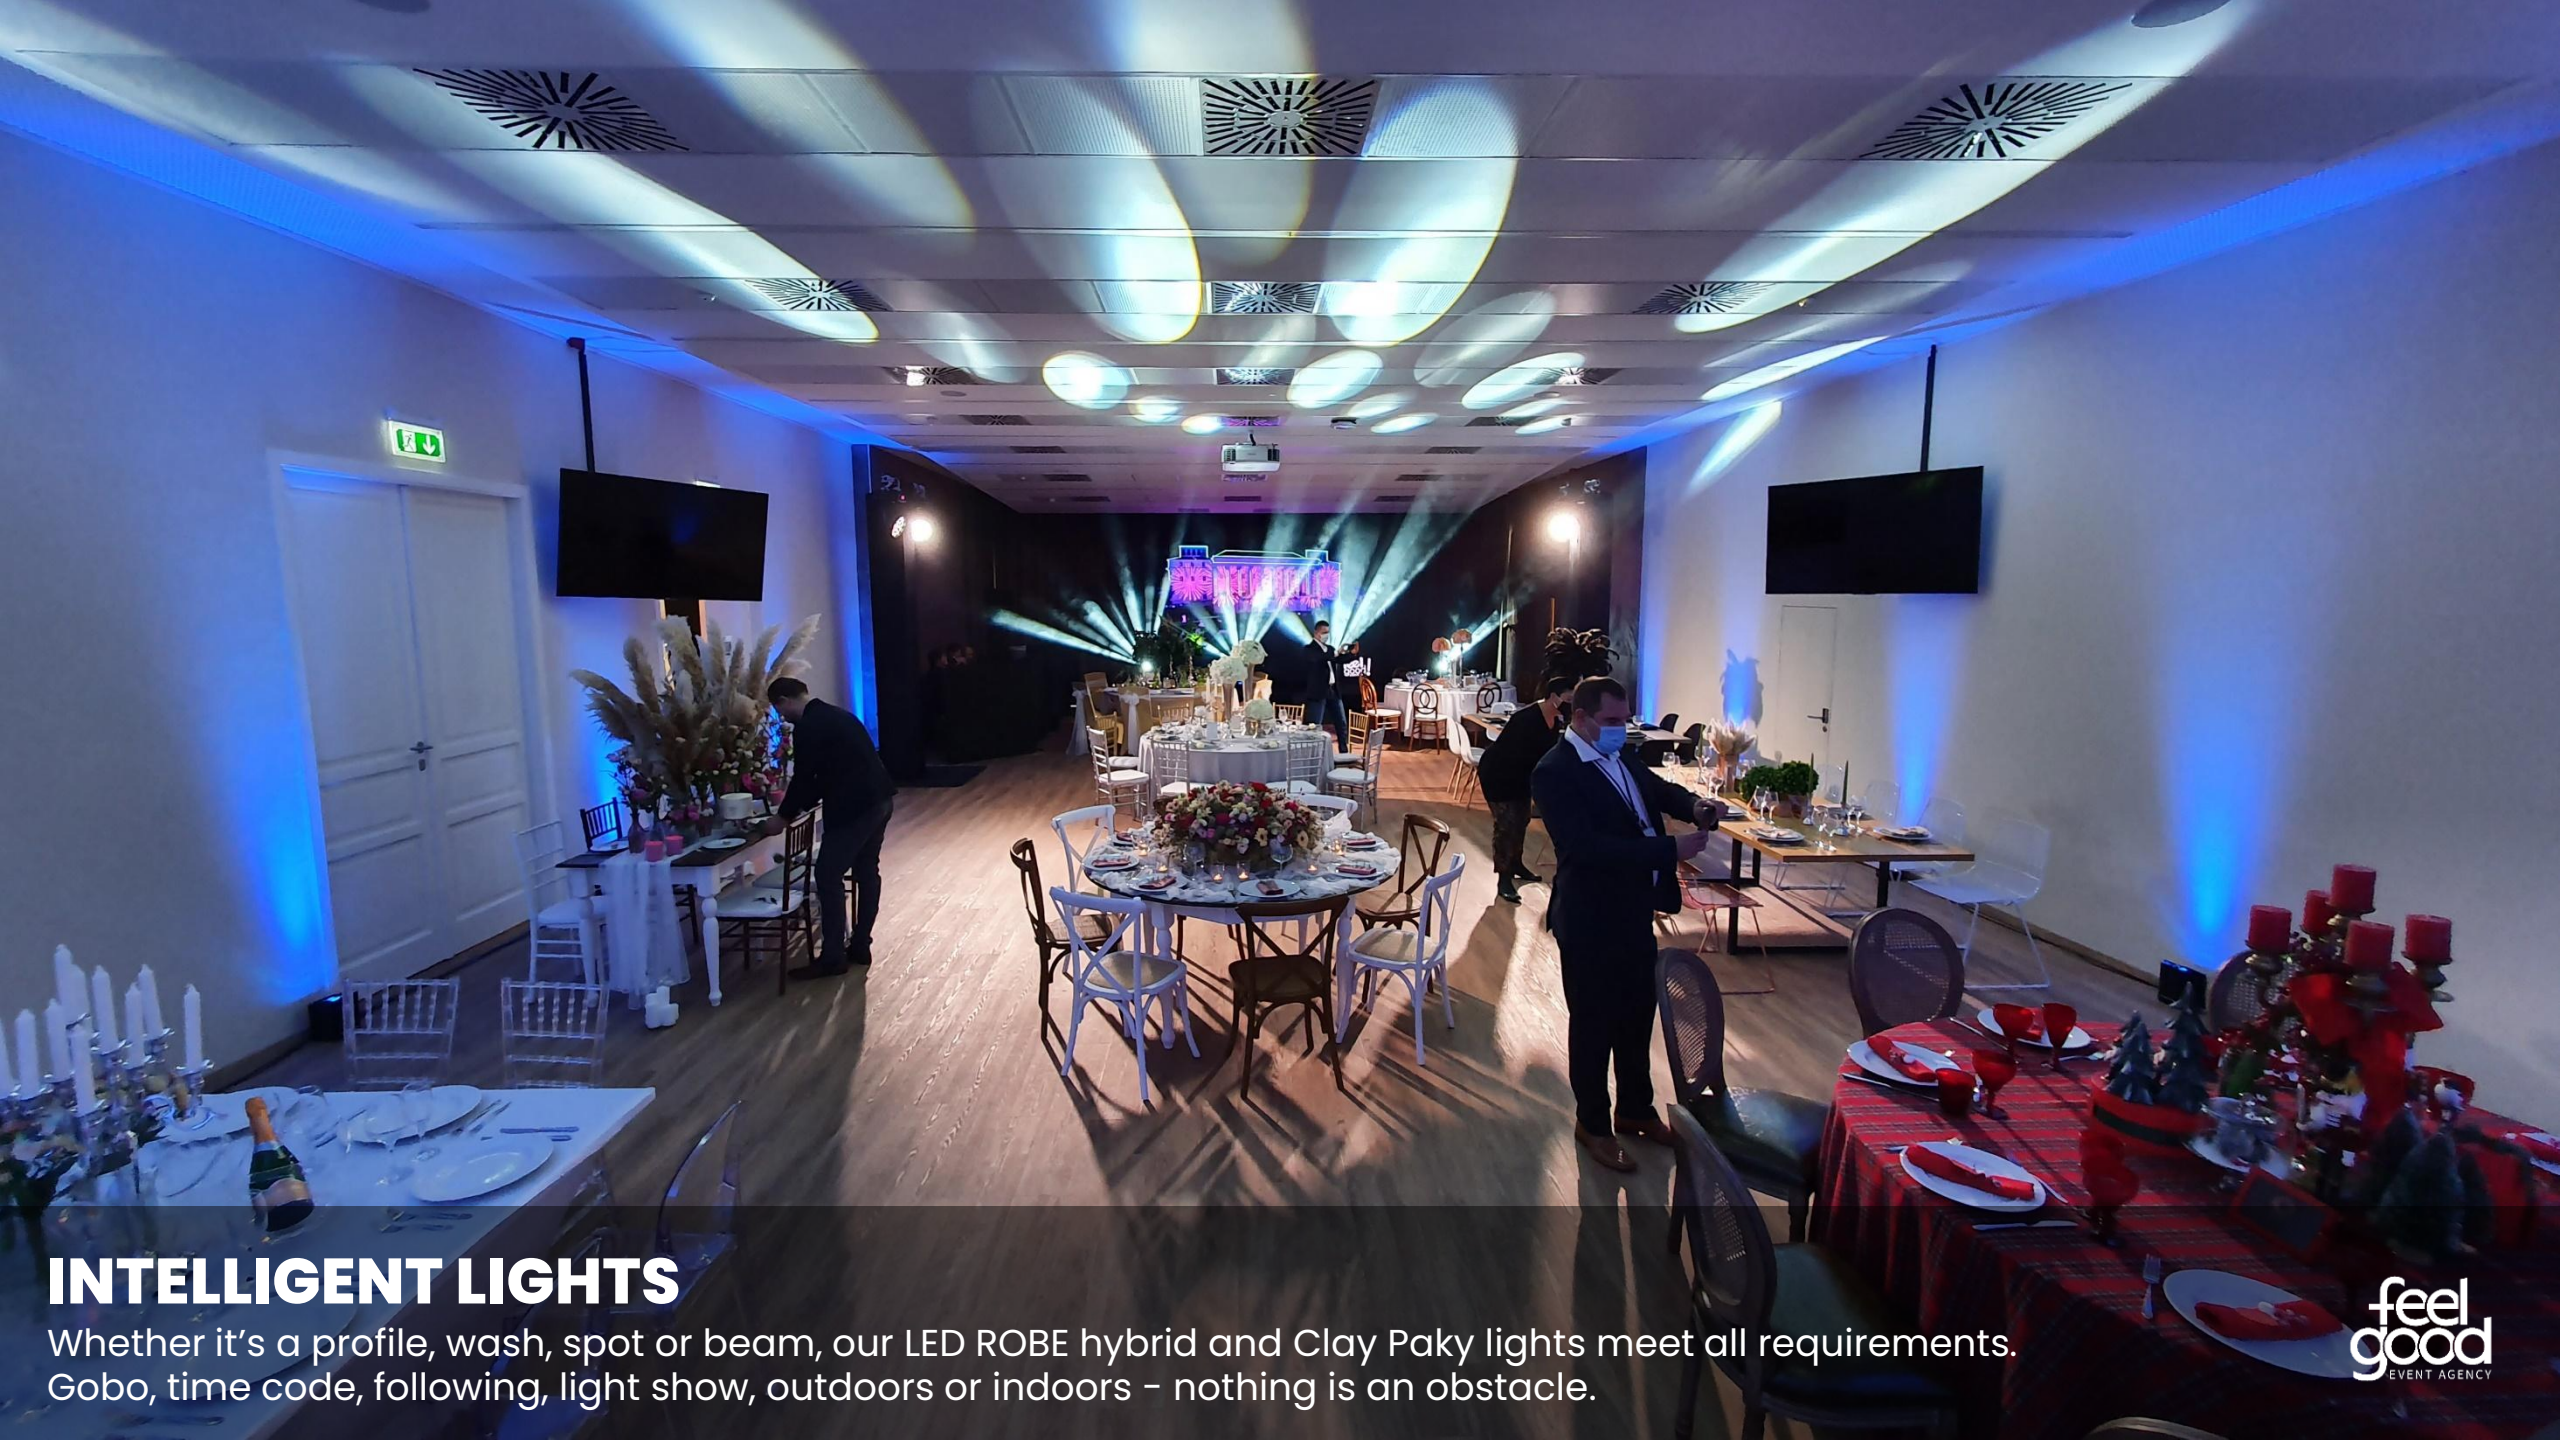

## **INTELLIGENT LIGHTS**

**VISUAL**

## INDOOR & OUTDOOR LED WALLS

The world of LED walls holds many possibilities, a wide range of which we can apply both outdoors and indoors: in addition to traditional LED displays, we have curved LED walls, LED floors and moving LED panels available to offer unique solutions.

# INDOOR & OUTDOOR LED WALLS

The world of LED walls holds many possibilities, a wide range of which we can apply both outdoors and indoors: in addition to traditional LED displays, we have curved LED walls, LED floors and moving LED panels available to offer unique solutions.

## PROJECTORS

In addition to modern LED wall solutions, traditional projectors also offer more and more exciting possibilities. Whether it's an indoor workshop with a small number of people or mapping an entire building, our available devices will meet your needs.

## LED TV

Our smart LED TVs with FullHD or 4K image resolution enable projection even in spaces with low ceiling heights but they are also perfectly suitable for delayed projecting a main screen.

## LED POSTER

LED posters with a unique aspect ratio, displaying video or still image content, will liven up any event instead of traditional information boards.

# **LIGHT & VIDEO MAPPING**

## OUTDOOR

Using building color lights with high power level, which provide the desired lighting of the buildings to be painted with automatic color mixing.
